- Guest Lecture on, “Protected cultivation of Fruit crops” was organized on 28th August, 2018. Prof. K. K. Jindal, Former Assistant Director General Horticulture (ICAR) Indian Council of Agricultural Research, New Delhi

- Faculty of Agricultural Sciences, DAV University, organized an expert talk on “Water use Efficiency in Agriculture: Need and Methods” on 1st Nov., 2018. Smt. Jyoti Sharma, a social entrepreneur, founder, of FORCE group of nonprofits, Chairperson PJRB-SPARC and a Business management expert from the prestigious Indian Institute of Management, Bangalore, highlighted the importance of efficient water management.

Visit to difference institutions and purpose

- A one day educational trip was organised to KVK Kapurthala, Jalandhar on 18th October, 2018. The objective of the trip was to acquaint the students with the recent issues in agriculture like Paddy straw burning. The students were motivated not to burn paddy straw and use of environmental friendly methods to deal with residue management and a technological intervention “Happy Seeder” is recommended.

- An educational visit of students of B.Sc. (Hons.) Agriculture was organized by Faculty of Agricultural Sciences to Punjab Agriculture University, Ludhiana on 15th march 2019 on the occasion of Kisan Mela. The students visited the State Agricultural University Ludhiana along with 4 faculty members (Dr. Ruhidas Ghatak, Dr. Rupender Kamboj, Dr. Ashu Sharma and Ms. Manpreet Kaur). The major objective of the trip was to make the student acquainted with various advancements in agriculture along with their interaction with farmers. The main theme of the kisan mela was extension of various research advancements to the farming community along with providing a platform to the farmers for showcasing their own progresses. A number of agrochemical, seed, machinery industries were also there for exhibiting or advertising their products.

Interaction with the society, social outreach programme, awareness programme.

Farmers' felicitation

- The farmers from nearby villages along with sarpanches were felicitated by the Faculty of Agricultural Sciences for providing support to conduct RURAL AGRICULTURE WORK EXPERIENCE PROGRAMME for the final year Agriculture students on 21st May, 2018.

Visit of farmers to Agricultural Farm

- A visit to the Agriculture farm and interaction session with local farmers was organized on 27th Nov., 2018. The farmers of nearby villages visited the Agriculture Farm to see the demonstration plots of various exotic vegetables and to interact with faculty to know the feasibility of exotic vegetables' cultivation, package of practices and availability of potential markets.
