

DAV UNIVERSITY, JALANDHAR

Department of English & Department of Psychology

organise

INTERNATIONAL CONFERENCE

on

**Changing Paradigms of Individual
and Society: Conflicts, Negotiations
and Growth**

(31st March 2021)

ABOUT (DAV UNIVERSITY)

DAV University, Jalandhar, is promoted by DAV College Managing Committee, which is India's largest non-government educational organization managing more than 900 institutions in the country. The University traces its roots to the legacy that has been reforming and redefining India's educational scenario for more than 130 years. The University has been established by a Legislative Act of the Punjab Government and empowered to confer degrees under Section 22 of the UGC Act 1956.

The University is born out of the culmination of the movement that started with the founding of the first DAV School in Lahore on June 1, 1886 to propagate the ideals of Swami Dayanand Saraswati, a religious and social reformer.

The University is spread across an area of about 72 acres and it provides an ideal ambience for pursuing professional courses and ensuring all-round development of students. The campus is well equipped with modern infrastructure including state-of-the-art buildings, round-the-clock power backup, canteens and parking spaces. Playgrounds, sports and fitness facilities add to the quality of life on the campus.

MISSION & VISION

The scenario of 21st century world is driven by technology, innovation, quality and research-oriented education. The university, therefore, focuses on the latest nuances, developments and innovations in Sciences, Languages, Engineering and Technology, Business Studies and Computer-Sciences to ensure that students develop a holistic acumen for making strategic and judicious decisions in the local and global spectra and enrich human life with imagination, skills and a unique creative vision.

ABOUT THE CONFERENCE

Human societies are characterized by social relations; they do not exist independently without individuals. The character of the individual-society relationship has changed substantially over the period of time.

The conference aims to focus on how individuals simultaneously have shaped and have been shaped by social contexts and how different conflicts and negotiations between individuals and societies affect (promote/stunt) their growth. It aims to give a platform to academicians, researchers, scholars, editors, teaching faculty and students from different streams to share their ideas and views on the changing paradigms of the individual and society.
