

DAV UNIVERSITY, JALANDHAR

Department of Physical Education & Department of Education

organize

INTERNATIONAL CONFERENCE

on

**Innovative Pedagogical Approaches
for Integration of Physical Education
and Yogic Sciences in Teacher Education**

(21st - 22nd June, 2021)

ABOUT (DAV UNIVERSITY)

DAV University, Jalandhar, is promoted by DAV College Managing Committee, which is India's largest non-government educational organization managing more than 900 institutions in the country. The University traces its roots to the legacy that has been reforming and redefining India's educational scenario for more than 130 years. The University has been established by a Legislative Act of the Punjab Government and empowered to confer degrees under Section 22 of the UGC Act 1956.

The University is born out of the culmination of the movement that started with the founding of the first DAV School in Lahore on June 1, 1886 to propagate the ideals of Swami Dayanand Saraswati, a religious and social reformer.

The University is spread across an area of about 72 acres and it provides an ideal ambience for pursuing professional courses and ensuring all-round development of students. The campus is well equipped with modern infrastructure including state-of-the-art buildings, round-the-clock power backup, canteens and parking spaces. Playgrounds, sports and fitness facilities add to the quality of life on the campus.

MISSION & VISION

The scenario of 21st century world is driven by technology, innovation, quality and research-oriented education. The university, therefore, focuses on the latest nuances, developments and innovations in Sciences, Languages, Engineering and Technology, Business Studies and Computer-Sciences to ensure that students develop a holistic acumen for making strategic and judicious decisions in the local and global spectra and enrich human life with imagination, skills and a unique creative vision.

ABOUT THE CONFERENCE

Health is a multidimensional concept and is shaped by biological, social, economic, cultural and political factors. It is a critical input for the overall development of the child in which physical education and yoga contribute to the physical, social, emotional and mental aspects of a child's development. Therefore, the innovative curriculum and pedagogic techniques need to be reinforced at the policy level, with administrators, other subject teachers in schools, the health department, parents and children.

The conference aims to focus on how to bring new technologies with appropriate strategies in teacher education and education at all levels of schooling for the holistic wellbeing of the students and quality education. It would benefit the public in general and academicians, physical educationists, teacher educators, sports and yoga scientists, psychologists, physiotherapists, coaches, nutritionists, policymakers and sportspersons in particular.
