

Department of Mechanical Engineering

Mechanical Measurement Laboratory

This is the laboratory which is very important for basic knowledge of various instruments with facilities for the group of students to carry out experiments independently. The laboratory is well equipped and enables students to understand the fundamentals of various measuring instruments.

Lab In-charge: Dr. Sharanjit Singh

Technical Staff: Mr. Hargopal Singh

Name of Apparatus:

- Profile Projector
- Surface Roughness Tester
- Inside & Outside Micrometer
- Digital Inside & Outside Micrometer
- Vernier Caliper
- Digital Vernier Caliper
- Tubler Inside Micrometer
- Tool Maker Microscope with Digimatic Head
- Universal Bevel Protector
- Digimatic Height Gauge

Tool Maker Microscope with Digimatic Head
