Agenda Item 1. Strengthening facilities for effective curricula delivery in Faculty of Agricultural Sciences (FoAS) with sub heads:

The board discussed in detail measures to strengthen effective curricula delivery and recommended that all the infrastructural and expertise requirements should be met in the interest of good visibility/ accreditation of FoAS.

Agenda Item 2. Finalization and approval of proposed course curriculum and schemes of Academic Session 2024-2025 for UG and PG courses.

The curricula and scheme of courses as already in practice will continue.

Agenda Item 3. Offering of deficiency courses to Mr. C. Zotinkhuma, M.Sc. Plant Pathology student (Admn. No. 12301242).

The board accepted proposal from Dr. Ashutosh Sharma with respect to deficiency courses in case of Mr. C. Zotinkhuma, M. Sc. Plant Pathology student (Admn. No. 12301242) as per Annexure I.

Agenda Item 4. Renaming of courses discipline wise to bring parity with agricultural programme in ICAR and other agricultural universities.

To maintain uniformity of the course codes with respect to other agricultural universities, the board recommended renaming of courses. (Annexure 2)

Agenda Item 5. Offering Elective courses as per 5th Dean's Committee guidelines.

The elective courses as already recommended and approved by the Academic Council will continue to be offered as such, till new recommendations of the 6th Dean's committee of ICAR are released.

In addition to above agenda items, the committee agreed upon following items:

A) Regarding grading criteria of Research Credits.

The research credits for the post graduate courses will be evaluated Satisfactory (S) and Unsatisfactory (US).

B) Regarding offering of MOOC Courses:

The committee decided to offer relevant MOOC courses for agriculture.

The meeting ended with a vote of thanks by the Chairman to all attendees especially the external and industry experts and the Deans of Faculties.
