

Professor of Practice

The distinguished Industry Professionals/Experts appointed by DAV University as Professor of Practice to incorporate the best set of Industry practices within an academic framework. The main objective is to enrich and align the students to face and resolve the real-world problems. DAV University recognizes the importance of the wealth of experience available in the corporate sector which is to be synergized with the thoughts and ideas of Academic Institutes in order to complete the purpose of extending all round education with a blend of knowledge and skills to the students. However, one would note that the profile of experienced industry professionals does not necessarily meet the traditional criteria for awarding a faculty position in educational set up. To this end, following Professor of Practice have been appointed by the DAV University in order to leverage the available professional experience to reap the maximum benefit.

1. **Mr. Navdeep Chawla, Professor of Practice for the Department of Pharmaceutical Sciences** He is the Chairman, Managing Director, and founder of Psychotropics India Limited (PIL), a prominent pharmaceutical company based in Faridabad, Haryana established in 1986.
