Department: Across all departments of the university

Name of the Event: Informative cum Training Session for Class/Department Representatives on the creation of Academic Bank of Credits (ABC) IDs.

Date of the Event: October 14, 2024

Name of the Resource Person (if applicable): Dr. Gitika Nagrath (NEP Convener), Ms. Palak (Faculty In-Charge, NEP SAARTHI) and NEP SAARTHIs (2024-25) with representatives from the office of Academic Affairs - Mr. Suresh and Examination - Mr. Satish

Teacher Coordinator: Dr. Gitika Nagrath (NEP Convener) & Ms. Palak (Faculty In-Charge, NEP Saarthi)
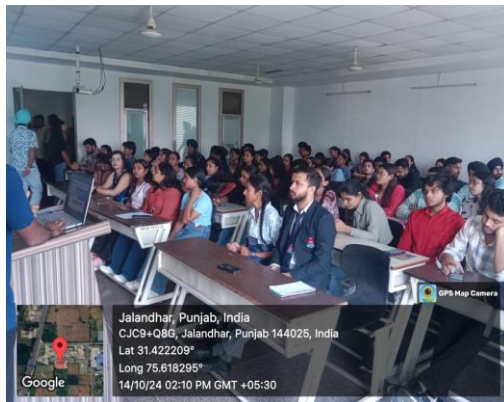

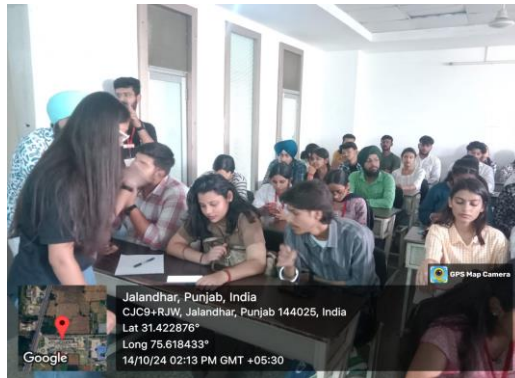

Report:

The informative cum training session was organized by the NEP (National Education Policy) SAARTHIs, focusing on the creation of Academic Bank of Credits (ABC) IDs for class and department representatives. The aim was to guide student leaders on the process of ABC ID generation and familiarize them with the ABC framework, which is a significant part of the NEP 2020.

The objective of the session was to educate class/department representatives on the ABC system and to provide them a step-by-step guidance on the creation and management of ABC IDs. By gaining knowledge about this, the participants would be able to assist the fellow students in generating ABC ID. Apart from this, the aim was to highlight the importance of ABC IDs in the academic journey, allowing students to accumulate and transfer credits.

The session began with a brief overview of the National Education Policy by Dr. Gitika Nagrath (NEP Convener & Dean, Department of CBME & Humanities). Following this, the NEP SAARTHI Team explained the significance of the ABC ID system under NEP 2020 and its role in enabling flexible academic pathways. Then the SAARTHIs provide demonstrations on how to register, upload information and generate ABC ID through Digilocker.

Thereafter, the participants created their own ABC IDs with real-time guidance from NEP SAARTHIs. At last a Q&A session was held where participants clarified their doubts. An active participation of students was seen during the session, with most attendees successfully creating their ABC IDs. The training achieved its goals of equipping class/department representatives with the skills to facilitate ABC ID creation, ensuring broad dissemination of the knowledge. The SAARTHIs also ensure to provide follow-up support to the students facing any kind of issues regarding this.

Learning Outcomes:

1. Students realised the significance of ABC ID for their academic journey.

2. Students gained skills to identify and resolve common issues that may arise during the ABC ID creation process.

3. Students gained knowledge about documents required to access the ABC Authentication and subsequently demonstrated accuracy in entering required information for ABC ID creation.
