**Introduction:** E-governance has been implemented by DAV University and is in fully operational mode in various administrative and academic activities since its inception in the year 2013. Various tools for information & communication technologies (ICT) have been used for ensuring the e governance in the best interest of all the stakeholders. It involves the use of various technologies like the internet, mobile devices, and various digital platforms. The aim behind is to streamline processes, speedy and economical communication, convenience, transparency, accountability, improved services and accurate access to information.

For effective implementation of e-governance in the University, various devices/ Technologies like cameras, Bio metric machines, Wi-Fi routers, projectors, LED's, Softwares have been installed. The stated devices/ technologies had been activated since the inception and over the period of time these have been upgraded and installed as per the requirements. In addition, various SMS services have been availed by the university in order to ensure and regulate governance mechanisms.

The university has its own ERP system named as DAV University Information System (DAVIS). The system has developed various modules for the development of the E-Governance considering it as the need of the hour. These modules have been prepared in the following domains and have been implemented from time to time. The following are some key modules of DAVIS under various areas of operation.

<b>Areas of operation</b>	<b>Modules</b>
<b>Administration including Complaint Management</b>	<ol style="list-style-type: none"> <li>1. Administration</li> <li>2. Online Bulletin Board</li> <li>3. Academic Module</li> <li>4. Hostel Module</li> <li>5. Transport Module</li> <li>6. HR Entry Level Module</li> <li>7. General DAVIS Module Staff</li> <li>8. Security No Due Module</li> <li>9. IQAC</li> <li>10. Student Grievance</li> </ol>
<b>Finance and accounts</b>	<ol style="list-style-type: none"> <li>1. Accounts Online Modules</li> <li>2. Accounts Online Module : Reports</li> </ol>
<b>Student admission and support</b>	<ol style="list-style-type: none"> <li>1. Admission Enquiry, counselling and feedback Module</li> <li>2. Admission Module</li> </ol>

## Administration

Menu Access Rights are provided to different users in the interface in which various modules are assigned for access as per the requirement of the Administration/Faculty/staff and students. The DAVIS team is authorized to provide the access as per the directions of the competent authority. The access is given permanently or on the basis of requirement as demanded by the particular party through the competent authority.

For the purpose of administering the university in an efficient way different announcements are posted by the DAVIS team. These announcements are subject to the directions given by the

REGISTRAR  
 DAV UNIVERSITY  
 JALANDHAR

competent authority and to be adhered by the students / faculty / staff / parents etc. These announcements are in the nature of routine matters as well as the contingencies arising from time to time with respect to academic and non-academic tasks. DAVIS portal also facilitates to send messages individually to a particular student whenever it is required.

Regarding transport route master, it shows the routes which are available for the students who availed the university transport. The entries regarding the adoption of various routes ensures the appropriate allocation and availability of required space to the students. The staff is allotted transport as per the route they opted for specifying the start date and route name. In this regard, transport allotment report can be downloaded in the excel format as well. It contains details about route name, stoppage name, student name, registration number, program name, mobile number, etc. Further for administering the resources in an efficient manner, Diesel consumption Report is generated for the purpose of efficient utilization of resources. The report is generated date wise so that appropriate use of resources can be made.

For the University staff and students the facility for logging in to the DAVIS portal is available and for the purpose of security the option of changing the password is available. The password change option is available for WiFi as well. It is available through the DAVIS portal.

The Academic module demonstrates the marks uploaded per course along with the attendance in each subject. It facilitates student in various tasks such as maintenance of attendance, result viewing, submission of course exit surveys and providing of feedbacks per course. Further, teacher can generate the award lists section wise so that proper analysis of the performance of the students can be made. These reports are available for mid semester, end semester, assignment, quiz and Seminar.

Under the academic module, report of course exit survey is also generated for each course by all the faculty members on the various parameters of performance including the current state to future applicability of such courses so that required improvements can be made in the curriculum and its delivery.

The academic module elaborates the group master which bifurcates the category of courses opted by the students and its components. Under this module the data for reappear and backlog is also generated for facilitating the related tasks and record purpose.

  
REGISTRAR  
DAV UNIVERSITY  
JALANDHAR

The HR Entry level module and General DAVIS module staff is equipped with employee registration form includes the details of the employees such as employee name, employee type, designation, department, job type, joining and relieving/ retirement date and the basic information such as mother's name, father's name, date of birth, blood group, mobile number, PAN, Voter ID, Qualification, etc. The employee search option is also available to the authorities of the university and the related parties in order to fetch the information as and when it is required. In this module the employee profile updation is also available.

Hostel Module contains hostel room booking facility is available on the portal which shows total seats along with booked and vacant seats so that students can be allocated the seat in the hostel of their choice. Further, hostel movement register available on the DAVIS portal enables to record the movement of hostel students. The records of leaving and returning date/time of student along with the reason of leaving is recorded.

Various programs under the faculty of different domains are allocated to the coordinators of the departments. The coordinators are supposed to further proceed as per the directions given by competent authority from time to time. At the time of completion of program, the outgoing students undertake the program exit survey which demonstrate the overall learning of the student from a particular program.

Regarding grievances, the students can register their grievances through the portal which are under the direct access of the department and competent authority. Immediate attention is given by the authorities for resolving such cases.

Apart from it, the following options are available under different parameters of administration Module.

- Curriculum scheme master
  - Details of Program,
  - Semester,
  - Course Code,
  - Course Name,
  - Course Type,
  - Department,

  
REGISTRAR

- School / division master.
- Program linking with school.
- Efficient sectioning of the students
- Department-wise faculty course feedback report
- Student reregistration report
- Repair maintenance report
- Attendance report of the students
- Faculty timetable including lecture type, room number, lecture day, lecture time, etc.
- Student's results.
- Student attendance report.

## Screen Shots

The screenshot displays the DAV Information System - DAVIS interface. At the top, there is a navigation bar with the system name and a logo. Below it, a secondary navigation bar contains links for Home, Search Announcement(s), Change Password, and Staff Navigation. A welcome message for user Inderjit Singh(10008) is shown, along with a Logout button. The main content area is titled "Menu Access Rights" and includes a form for configuring user-based rights. The "Rights Type" is set to "User Based" and the "Enter User Id" field contains "11121". A "Show Menu Access" button is visible, followed by a list of menu items with checkboxes: Announcement, Search, Academics, Examination, Check Details, Accounts, Admission (checked), Examination, Update Student Basic Info/Reset DAVIS Password, Planning, Transport, and Human Resource. A "Save Menu Rights" button is located at the bottom of the list.

**Finance and Accounts**

The total information w.r.t. the academic fee and hostel fee is available which facilitates the students and the accounts department for future course of action. The provision of downloading the fee slip is also available to the student for record purpose and its necessary use. Announcements related to financial matters are also made on the DAVIS portal. These announcements are generalized as per the direction of competent authority.

The student is required to pay definite security amount at the time of admission which is to be reimbursed at the completion of the course. Hence, department security no due certificate is also issued to student before leaving the university and the security is refunded.

The accounts department is authorized to generate the defaulter report on the basis of pendency marked for various students. As these pendency's are settled and the names are updated by the accounts department which enables them to know the exact position of the defaulters.

The bank status report is also generated by the accounts department. This report can be generated on the basis of specific time frame which facilitates the planning and usage of funds.

  
**REGISTRAR**  
**DAV UNIVERSITY**  
**JALANDHAR**

For rectifying the entries related to payments made, there is an option of cancellation of receipts and a report pertaining to such transactions can also be generated by the accounts department.

The portal also provide the details regarding the allotment status of hostel rooms which includes the information like Room no. allocated to the student as well as the nature of rooms allocated i.e. AC/ Non- AC. Thus it also helps in knowing the status of total rooms in various hostels as well as rooms occupied by the students.

Prospectus sale option has been made available on the portal which facilitates the status of total admission in any program in various departments of the University.

The portal also provides proforma for saving declaration cum tentative calculation of income tax to be paid by the staff members for the financial year. On the basis of such declaration the accounts department deducts the pending amount of tax at source so that there is no excessive burden on the staff members with respect to payment of tax.

### Student Admission and Support

At the time of admission the academic and personal details of the students are uploaded in the DAVIS portal which is referred by the concerned faculty/offices from time to time. The option of viewing the self-details is kept open for the students as well so that they can verify it and report in case of any required change.

Under the student portal, various scholarships such as Academic scholarship and Non-Academic scholarships available for the students are marked. These scholarships are marked at the time of admission so as to facilitate the students regarding the prompt payment of the fee after availing the same.

At the time of admission, the testimonials of the student are verified from the original documents in order to ensure that the student doesn't face any problem after getting the admission and be sure about his/her eligibility for respective course. The students are also privileged with submission of documents not available at the time of admission due to any valid cause. These documents are updated in DAVIS and the personal file of the student available with the record cell of the University

  
REGISTRAR  
DAV UNIVERSITY  
JALANDHAR

Library book status report is also available to the staff so that they can facilitate the students in issuing and getting the books returned as per the rule of university.

The students are privileged with the option of applying for improvement in marks if they desire so. In this regard, they can apply through the DAVIS portal by paying required amount of fees.

The students can view the courses allocated to them and if there is discrepancy they can pursue for its rectification through the department.

Attendance is updated by the faculty for all the students which a student can access on daily basis and plan their assignments accordingly. The numeric and graphical representation of attendance is available for each student in their respective portals. The student can view the attendance throughout the semester as and when require. In case of any error in uploading, the student may consult the respective faculty member for its updation as the faculty member has the right to modify the attendance as per the requirement.

Course-wise MSE Feedback is mandatory for all the students. The students are required to fill their feedback on five point likert scale. The report of such feedback is available with the faculty so that they can plan the future course of action for the slow and advance learners.

The students can register their grievances through the portal which are under the direct access of the Department and competent authority. Immediate attention is given by the authorities for resolving such cases.

The date sheet for appearing in the upcoming examination is available with the student portal. Apart, the marks for all the components for each course are available in the student portal for reference as well.

The option of applying for reissuing of the ID card is available on the DAVIS portal. This can be done through the student portal.

### Important Announcement(s)

View Announcement of:  General  Academic

**Entrepreneurship Orientation Program- Application Process (30 Jan 2024)**  
**Application Process**  
 To secure your spot among the 50 selected participants, kindly fill out the Google form linked below:  
 Apply at : <https://forms.gle/AjzocVvtN1BDSTyp9> latest by 31st January, 2024.  
**Note:** We understand the importance of balancing academics and extracurricular pursuits. Therefore, duty leave will be granted to participants to ensure seamless participation in all sessions. Certificates will only be issued to those who attend all the sessions, ensuring a comprehensive understanding of the entrepreneurial journey.  
 For any Inquiries, feel free to reach out to [lic@davuniversity.org](mailto:lic@davuniversity.org)

## Examination

Through the DAVIS portal, student needs to register for mid- semester examination and end semester examination by filling enrollment form in order to confirm his/her candidature. After every semester, the students need to get registered themselves in the upcoming semesters by filling the registration form available on the portal. The examination department circulates the same through DAVIS for its compliance.

The reappear data is also uploaded at the portal (with reference to the examination department) for smooth conduct of the reappear examination.

For ensuring the availability of marks related to all the components, the examination department is vested with the powers of checking the uploaded marks for each component by the faculty members. In case of pendency the examination directs the concerned faculty to do the needful within prescribed time limits.

The examination generates the Cumulative Grade Points for each student through DAVIS portal after ensuring the relevant data/record. The semester-wise transcripts are issued by the examination department at the end of each semester and the Cumulative Grade for the program is issued after the completion of the program. At the end of program Academic transcript is also issued by the university.

The option of generating Provisional Degree Certificate is also available for the students if they desire so. The application pertaining to the same is to be initiated from the student.

Through the portal the student can view their results in each course opted by them semester-wise. The student can use this result for their future endeavors as well.

At the DAVIS portal, there is a provision of rectification of marks. In this regard, the examination approves the rectification of marks by re-allocating it to the concerned faculty member for updation of marks through portal. However, the rectification is recorded at the back-end of the DAVIS for record purpose and in order to avoid the unnecessary deliberations.

Chronological order is followed for uploading the marks for different components at the university portal. Proper schedule is disseminated among the faculty members for the same in order to avoid any unwanted delay.

  
REGISTRAR  
DAV UNIVERSITY  
JALANDHAR

Final grades are assigned by the examination department for each student at the end of every semester. These grades are assigned as per the examination policy of the university.

Reappear marks are also uploaded on the DAVIS portal and proper records are maintained by the examination for such students as well.

Through the DAVIS portal, marks pendency list is generated by examination department from time to time and duly gets circulated among the faculty for their prompt and required action.
