Research Ethics Committee Meeting

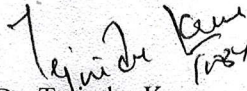

The research ethics committee meeting of DAV University was held on 2nd November 2022 (2:30 PM to 4:30 PM) at the conference room, in the presence of following expert members;

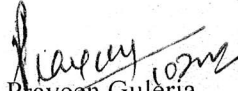

1. Dr. Keshav Walia, Associate Professor, Physics(Convener)
2. Dr. Rekha Gaba, Associate Professor, Chemistry
3. Dr. Ashutosh Gupta, Associate Professor, Commerce and Business Management
4. Dr. Rahul Kumar, Associate Professor, Agriculture
5. Dr. Sandeep Kumar, Assistant Professor, Physics
6. Dr. Ashish Sharma, Assistant Professor, Botany
7. Dr. Lakhmir Singh, Assistant Professor, Biotechnology
8. Dr. Praveen Guleria, Assistant Professor, Biotechnology
9. Dr. Tejinder Kaur, Assistant Professor, Zoology

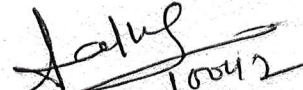

The ethics committee discussed the following points and provided guidelines as follows;

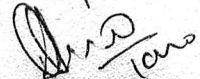

1. Research Integrity
2. Responsible for conduction of research
3. Reporting application
4. Reporting and reviewing of research misconduct and allegations
5. Sensitization and training

The research ethics committee should provide information to researchers regarding all ethics of the research to prevent research misconduct and facilitate plagiarism checks before publication in peer-reviewed journals. The committee will encourage teaching/training and other research related activities and updating their knowledge. All research projects must be in accordance with the ethics guidelines issued by the respective agencies time to time. Researchers should obtain approval of ethics committee as per norms and declare conflict of interest. Research should be peer-reviewed in a time bound manner by following principles of fairness, honesty, and the need to maintain confidentiality.

9. Dr. Tejinder Kaur, Assistant Professor, Zoology

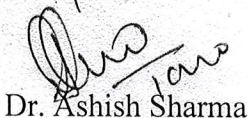

The convener welcomed all the committee members. The standard operating procedure has been outlined by the convener and given information regarding objectives roles and responsibilities of the member in brief. The committee verified the university research policies like academic research policy, sponsored research policy, IPR policy and suggested a few modifications that were needed to adapt to maintain the standards. The ethics committee policy provided guidelines regarding interdisciplinary and multi-disciplinary research and methodology for undertaking and preparing collaboration research projects covering various domains of knowledge as well as policies or by involving external experts/agencies in several research projects. The committee resolved to conduct interdisciplinary and multidisciplinary research, the following guidelines are suggested.

- a) The inter and intra-departmental research should get prior approval from the concerned department research program essential committee and universal ethics committee by showcasing the outline of the project as per the ethical committee guidelines.
- b) No animal or human tissues should be used in the execution of the project work.
- c) Any patent or research article publication as an outcome can go through plagiarism checking and should get an approval certificate for further processing.
- d) In collaboration projects from industry there should be a MOU/MOA prior to intimation of work.

The convener welcomed all the committee members. The convener discussed the overall concerns and ethical issues connected with publication of an article in journals. The discussion was held regarding the submission of articles in journals and it is resolved to submit research articles to high index journals like Scopus/WOS/ABDC. The research articles should undergo through checking for plagiarism and ethical approval is needed when biological tissues are used. The databases like Scopus and WOS can be utilized for preparation of literature reviews of articles and plagiarism checking software should be used for plagiarism checking before submission to journals. Authors should be aware of all the ethical concerns regarding submission of the articles and procedure of withdraw and conflict of interest and acknowledgement of funding etc.
