The program was organized by the University's Internal Quality Assessment Cell. Eminent educationist Prof RC Sobti emphasized on increasing the quality of education and making education profitable for the society. He said that getting the accreditation done by NAAC positively impacts the quality rating of the institution and in addition to enhancing its respect among the masses. He said that institutions should focus on digitization and focus on faculty development. The Universities should promote skill-based courses and focus on society oriented research. He said that education should also be supported by industry. The other two experts at the workshop were Dr. Pratosh Bansal of Devi Ahilya University and Prof. Shafiq Ahmed Ansari from Jamia Millia Islamia University, Delhi. Dr. Bansal said that educational institutions should focus on improving their curriculum. The outcome of studies should be people-centric.

Name of the Event: Seminar on “Needonomics for Human Development in India.”

Date of the Event: October 25, 2019

Name of the Resource Person: Prof. M. M. Goel, Former Vice-Chancellor, JNU Jaipur

DAV University organized a seminar on “Needonomics for Human Development in India.” Prof. M. M. Goel, Former Vice-Chancellor, JNU Jaipur, a known economist with spiritual bent of mind addressing the staff and the students highlighted upon Kondratieff Recession in the global economy including India. He said it is a reality to be accepted by the stakeholders with proper diagnosis by the economists for creating conducive working environment. Economy can be people friendly and socially beneficial only if undertaken in accordance with NAW (Need, Affordability and Worth) approach of the goods and services. Needonomics is the sensible idea of India in tune with 17 Sustainable Development Goals (SDGs) 2030 for every economy of the world. The problems including violence, terrorism, exploitation and corruption of all kinds are caused by ‘Greedonomics’ (economics of greed) and can be reduced if not removed by ‘Needonomics.’ He motivated the audience by saying that we need to convert holiday culture in to holy-day culture as worship is work and vice-versa. In the end he said in order to ensure balance in the environment and economic development, we need to become street SMART (Simple, Moral, Action Oriented, Responsive and Transparent).

Dr. DeshBandhu Gupta, Vice-Chancellor felicitating Prof. M.M Goel, after the talk session.
