Letter of Appreciation

Respected Sir,

We would like to extend our sincerest gratitude and heartfelt thanks to you for your startling speech on *'The Fascinating World of Crystals'* for our students and other participants of the DBT Star College Scheme sponsored invited lecture series organized by the Department of Chemistry (UG & PG), Jhargram Raj College, Jhargram, West Bengal, India dated on 24.06.2021.

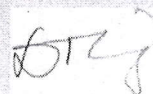

The participants who attended your virtual session were greatly enjoyed the subject matter and your storytelling style of presentation on that afternoon. The very ways you have interacted with them is really brilliant and certainly foster them to bloom academically and also intellectually. Your exalted personality in the realm of scientific research and accomplishment prompts us to establish a lifelong relationship with your institute and also with your eminence laboratory.

Please accept our sincere appreciation for making time in your busy schedule and also for your eternal efforts to speak to our students towards stirring them in scientific inquisitiveness.

We once again would like to thank you for such a magnificent speech and hope to get a chance to hear such speeches from you in future also.

With regards.

Sincerely yours,

(Dr. Debnarayan Roy, WBSSES)
 Principal
